

For over half a century,
The Arc Central Chesapeake
Region has been a pioneer in
support services.

Like all Arc chapters, we began by providing advocacy and education to individuals and families. As individuals and families needs changed along with demands for a wider variety of services, The Arc Central Chesapeake Region has adapted by expanding its array of services to include:

- Fiscal Management Services
- Family Support Services
- Respite Services
- Individual Support Services
- Employment & Day Services
- Family Managed Services
- Community Living Services

It all starts with self-determination!

The Arc has evolved over the last 55 years to meet the needs of individuals and families. These changing needs along with the self-determination movement have significantly impacted the delivery of services to individuals and families.

The Arc embraces this movement toward self-directed care and is proud to provide Fiscal Management Services (FMS) to individuals with intellectual and developmental disabilities and their families. When you choose to self-direct your services through the Maryland Developmental Disabilities Administration waiver programs, we'll be your partner in your journey.

flexibility

independence

We're the largest and oldest provider of Fiscal Management Services in Maryland!

The Arc has been supporting individuals with intellectual and developmental disabilities to self-direct their care for over 15 years. We have extensive knowledge of Federal, State and County tax, labor, unemployment, and worker's compensation rules and regulations pertaining to the employment of direct care workers. We're well-suited to act as your fiscal agent in your journey through self-direction.

Fiscal Management Services include

- Program Enrollment Assistance
- Employee Onboarding
- Payroll Services
- Vendor Payment Services
- Utilization Tracking
