FMS Fee Structure

Effective July 1, 2018, the Developmental Disabilities Administration (DDA) has approved a new fee structure for The Arc CCR Fiscal Management Services (FMS). We are very excited that this new rate structure will allow us to continue to improve our business processes by increasing automation, enhancing our customer service and providing for additional quality controls.

- The approved FY19 FMS fee structure has two tiers.
 - \$180/month for participants with budgets totaling less than \$40,000 per year
 - \$250/month for participants with budgets totaling \$40,000 or more per year
- New participants will be charged a \$500 one-time enrollment fee

We are awaiting final guidance from the DDA regarding the implementation process and will provide further direction once available. In the meantime, if you have any questions, please contact us at FMSParticipants@thearcccr.org with your inquiry.
